

# EU Covenant of Mayors for Climate and Energy

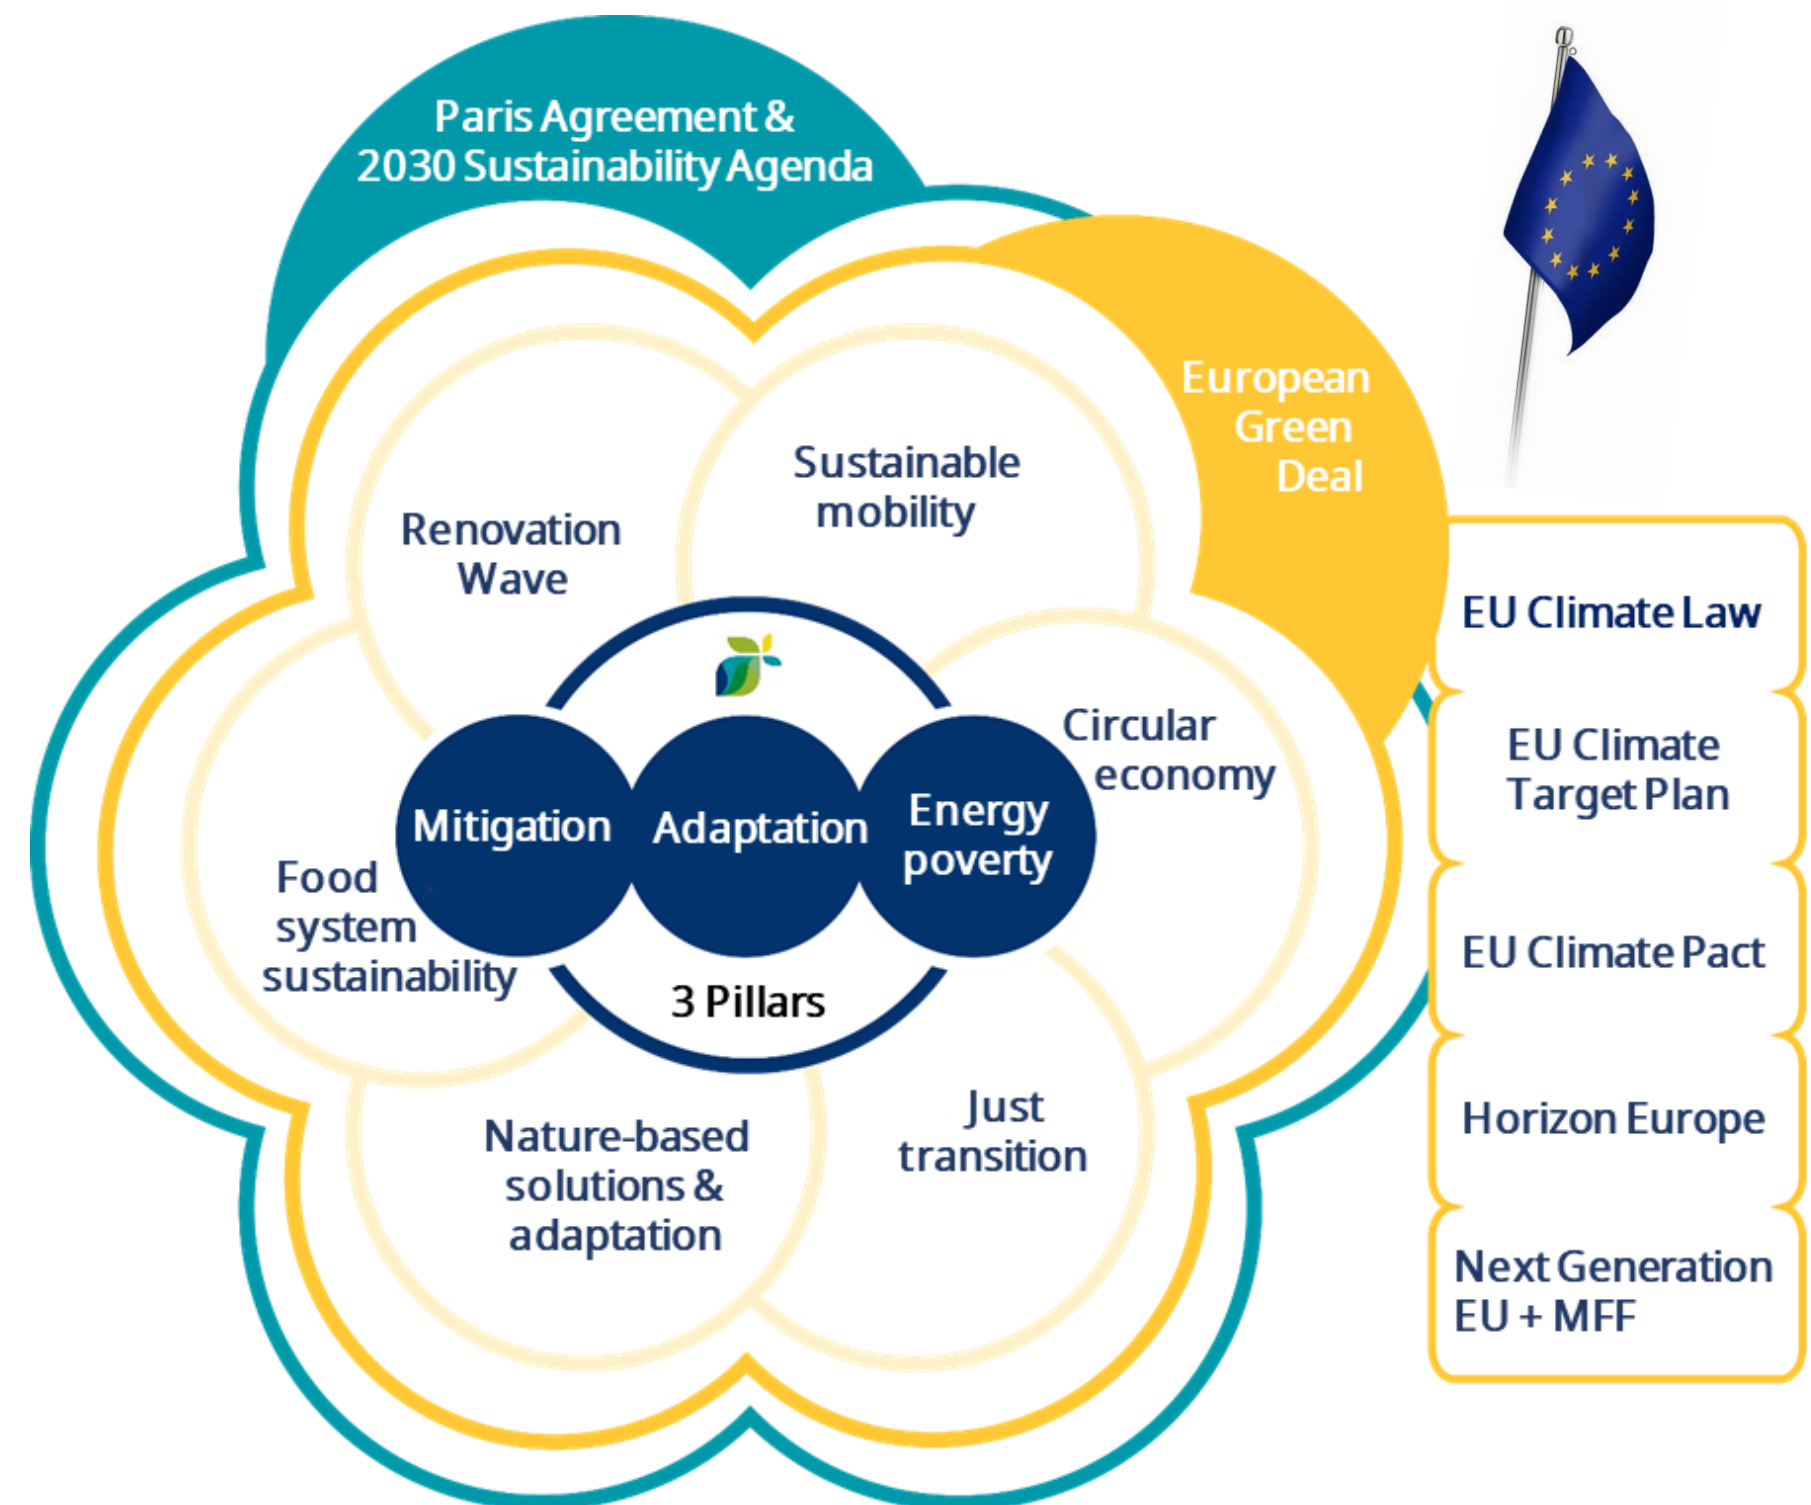

The European Commission's reference urban initiative, mobilising **thousands of European municipalities** for over 15 years to act on **climate and energy**, aligned with **EU targets**.

# Embedded into wider climate policy

- The world's **largest movement of cities** taking climate and energy action
- Embedded in the EU climate & energy policies (Green Deal, EU adaptation strategy...)
- **Connected to other EU city initiatives** to best support cities in delivering on their ambition (EU Climate Pact, Green City Accord...)
- Allowing **easier access to funding** (LIFE, Horizon Europe, Recovery...)
- Ensuring a **stronger voice** on the international scene

Actively  
collaborates with  
EU institutions and  
initiatives to  
channel support to  
cities and towns.

# From idea to action: Tailored support to bring your city's vision to life

SMART CITIES  
MARKETPLACE

This **one-on-one support** is designed to help those with already defined project ideas but facing difficulties with implementation.

The Smart Cities Marketplace and the Covenant of Mayors – Europe **provide 20 days of free, tailored guidance** to help turn your plans into action, from legal assessments and energy savings calculations to developing investment concepts and engaging citizens.

## What services does it include?

- Planning support
- Assistance in developing an investment concept
- Strategies for engaging citizens and stakeholders
- ...and much more!

## Who is this for?

- Only for **EU Covenant of Mayors signatories**,
- **Small and medium-sized cities and towns** will be particularly encouraged to apply !
- Signatories with **concrete plans** at **any stage of their journey**
